Pleated Serge Skirts to order...\$5.00	

### LOCAL BUSINESS MEN WILL PARADE TO FAIR

Chamber of Commerce Members Plan  
Auto Procession.

Responding to an invitation of M. E. Church to the Chamber of Commerce to send a delegation to the Fairfax County Court House Fair and automobile parade on Thursday, P. T. Moran, Col. John G. Capers, William F. Gude, and Albert Schulteis have been appointed a committee to make arrangements for a parade, containing several hundred decorated automobiles and trucks, to attend the fair in a body.

The parade, to which all owners of cars are invited, will leave the Chamber of Commerce, Twelfth and F streets, early Thursday morning.

Officials of the fair board have offered a duplicate set of prizes, amounting to \$60, for out-of-town entrants—three prizes for pleasure cars and three for trucks. The parade of the Washington cars and the Fairfax County cars will take place on the race track of the fair grounds.

Following the awarding of the prizes a mass meeting in the interest of good roads will be held. Col. Robert N. Harper and Col. Capers will be among the speakers.

### H. C. GROVE PURCHASES GRAPHOPHONE BUSINESS

Tendered Dinner by Friends in Celebration of Advancement.

"Farewell H. C. Grove, manager; greetings Harry C. Grove, Inc." was the inscription on the menu of a dinner tendered Mr. Grove in the red parlor of the New Ebbitt last evening. The occasion signified an important business change. Mr. Grove having purchased from the Columbia Graphophone Company its Washington retail business, of which he has been manager. Beginning Monday the transfer will be effective, and Mr. Grove will conduct the enterprise as his own.

Guests of honor at the dinner were Mr. Grove, W. L. Eckhardt, District manager of the company; George O'Connor and A. J. Heath, the company's Baltimore representative. The other guests, who also were the hosts, were H. E. Stewart, H. Z. Bangs, L. R. McDowell, Hal Dorian, M. B. McIntosh, W. L. Mathews, C. C. Thomas, P. B. Cromelin, W. J. Brower, Dr. C. Barton, Ralph Kidwell, H. Graf, A. Whitney, A. L. Street and Charles Gardell.

Mr. Grove has been manager of the Columbia company's retail interests in this city for eighteen years. The establishment, under his personal ownership and direction, will continue at 1210 G street, with the same staff of employees that has been associated with him.

Playground Exhibit Today.  
The field day and exhibit of the New York avenue playground, which was to have taken place yesterday, was postponed until today because of rain.

## UNION TRUST CO.

EDWARD J. STELLWAGEN PRES.

—no matter what his occupation—needs the service of this strong bank—first as a safe place to deposit his money; second as a means of securing prompt and efficient co-operation in the handling of his financial affairs.

3% on Savings 2% on Checking Accounts

### CAVALRY TO BE SENT TO SAN ANTONIO, TEX.

Battery B, District Field Artillery, Will  
Go to El Paso.

The entire force of the National Guard is destined for border duty. The Third Regiment, together with Troop A, will be stationed at San Antonio, Tex., and Battery B, field artillery, will go to El Paso.

It was the original intention to send the troops to Bixbee, Ariz. The change in destination was made by Gen. Frederick L. Funston.

Maj. W. P. French, depot quartermaster at Fort Myer, received orders yesterday to arrange for transportation for the soldiers. Capt. Will Chase and members of the Supply Company have been pushed to the limit getting out winter uniforms.

It is thought by officers at Ordway that the First Separate Battalion will be sent home from the border and that the colored men at Ordway will be held there.

Officers are holding the men near camp to be ready to move at a moment's notice. The cavalry is ready to be off in five hours.

Battery A and the Cavalry Troop are to leave on the same train and depart at some point in Texas. The battery is to have six flat cars for the caissons, two horse cars, one baggage car, and three tourist cars. The cavalry will be furnished two baggage cars, one of which will be used for cooking, and two tourist cars. The cavalry will not take any horses to Texas.

Wilson to Stand  
UPON FIVE ISSUES

For Peace, Prosperity, Preparedness,  
Business and Eight-Hour Law.

Special to The Washington Herald.  
Asbury Park, N. J., Sept. 29.—Five issues—peace, prosperity, business, preparedness, and the eight-hour law—will be enunciated by President Wilson when he goes into the country to wind up his campaign for re-election. It was learned today. These issues he regards as the ones upon which the voters will vindicate or denounce his administration.

The President is feeling fit, appears a trifle heavier and says he is in great trim for the coming trip West. He is enthusiastic about going, as is Mrs. Wilson, who will accompany him everywhere. It will be Mrs. Wilson's first taste of the campaign, and she is entering into it with zest.

The man on the street, the President believes, is thankful first of all that his country is at peace. For that reason his foremost issue will be an appeal to the voters not to accept what the President terms "radical changes of policy" which may alter the whole aspect of the nation's life and endanger the present terms of peace and good will with the world.

"THE DEVIL'S NEEDLE"  
AT MOORE'S STRAND

Tully Marshall, former star of "Paid in Full," and Norma Talmadge, remembered as the leading woman in "The Battle Cry of Peace," appeared yesterday at Moore's Strand Theater in a vivid photoplay, entitled, "The Devil's Needle." This attraction was announced by mistake in yesterday's Herald as playing at Moore's Garden. The same picture will continue at the Strand today.

Douglas Fairbanks, who was announced as playing at Moore's Strand, is being featured at Moore's Garden in "The Half Breed." This photoplay is fashioned after one of Bret Harte's stories and shows the almost impossible barrier existing between the red man and the white man.

Edward S. Schmid  
HONORED BY MASONS

Edward S. Schmid, deputy grand mason, was guest of honor at a "homecoming" celebration of Washington Centennial Lodge of Masons last night at Masonic Temple, Thirteenth street and New York avenue.

After a large class of candidates had received the degree of Master Mason, the members were invited to the refectory to partake of "succulent sauerkraut, toothsome frankfurters, delicious pigs knuckles and other good things to eat and drink." Worshipful Master James S. McCarthy spoke. The Kallipolis Grotto Band furnished music. Solos by Charles D. Shackelford, Kirk C. Miller, Otto Woerner, Charles A. Stevens, and Joseph Gross, and a recitation by J. S. Goldsmith, also were on the program.

### DEMOCRATIC WOMEN HEAR G. O. P. RAPPEL

John B. Dinsmore and Judge Thomas  
L. Paschall Address Meeting.

Officers and members of the advisory board of the National Democratic Women of America have been added to the national committee of one hundred, organized by the women's bureau of the Democratic national committee. It was announced last night at a meeting of the organization at the New Ebbitt. Mrs. Helen Nelson Doocoy, general campaign manager, read a letter from the bureau appointing her of the fact.

John B. Dinsmore, counselor of the Department of Labor, reviewed labor legislation and administration during the Wilson regime, and Judge Thomas J. Paschall, of San Antonio, Tex., defended the policy of non-interference in Mexico. Mrs. Doocoy also spoke.

Mr. Dinsmore declared that President Wilson deserved credit for many beneficial innovations effected through the agency of the Department of Labor, and incidentally declared that "what little unemployment remained," when the department's employment system was brought into operation, "has been abolished."

"The Republicans were in power for sixteen years," said the speaker, discussing the child labor law and other social legislation, "and the machinery for the achievement of the objects gained by the Wilson administration was there, ready at any time to be set in motion. But the Republicans did not pass a child labor law. For years that brilliant young Indiana Senator, Albert J. Beveridge, fought gallantly the fight of his life for such a law, but the Republicans would not heed him. The speakers for the Congressional Union that 4,000,000 votes in the suffrage States would be cast for Hughes were vigorously controverted by Mrs. Doocoy.

Mrs. Doocoy is soon to start on a campaign tour, covering the same territory that has been assigned Miss Ida Tarbell by the national committee.

AMERICAN BANISHED  
BY CARRANZA ORDER

Burton Wilson Deported After Landing in Jail.

Burton Wilson, president of the American Club at Mexico City, and at one time a member of the International Relations Committee there, has been deported by orders of Carranza and now on the battleship Nebraska at Vera Cruz.

The State Department has been advised of the facts but does not reveal the charges on which Carranza sent Mr. Wilson out of the country. He was held in jail several days. The State Department interfered and secured his release. This was, however, immediately followed by the banishment of Wilson.

Some officials here believe Carranza persecuted Wilson because he, as a member of the International Committee, was very active in showing that the people of Mexico City were starving while Carranza was sending out bulletins that he was taking care of the poor.

Mr. Wilson is a lawyer from Omaha, Nebraska. One of his law partners is Mr. Rojas, secretary to the Mexican members of the commission at Atlantic City.

SYME UPHOLDS WILSON  
IN M'LEAN (VA.) SPEECH

Declaring that the issue at the coming election is whether the people will continue in power an administration whose policies produce peace and prosperity or will turn affairs over to those who ditched Roosevelt in 1912, Corporation Counsel Conrad H. Syme delivered a vigorous campaign speech at a Democratic mass-meeting last night at McLean, Va.

Charles A. Douglas, also of Washington, was another speaker at the meeting. D. F. Finkel presided.

Mr. Syme's address was devoted mainly to three general topics—Mexican affairs and their relation to the whole body of pan-American relations, international law as applied to war conditions, and the eight-hour law.

VANDERBILT ENROLLED.  
Cornelius, Jr., Fifth of Family to Enter Yale.

New Haven, Conn., Sept. 29.—Cornelius Vanderbilt, Jr., fifth of his family to enter Yale, was today registered as a member of the class of '20 in the academic department. His father was a member of the class of '96 and his grandfather the late Cornelius Vanderbilt, 2nd, gave Vanderbilt Hall at Yale in memory of his son, William Henry Vanderbilt, who died at Yale while a member of the class of '83.

### WILL COMPILE BRIEF ASKING ARMOR PLANT

Chamber of Commerce Committee  
Gathering Extensive Data.

At a meeting of the special committee appointed by the Chamber of Commerce to investigate and gather data concerning the advantages of Washington as a proposed site for the \$11,000,000 government armor plate plant, it was decided to print a brief enumerating the various advantages of the Capital, to be submitted to the Navy Department. It is probable the brief will include maps showing the available locations in the city.

D. J. Kaufman described the advantages of a particular piece of government property on the south side of the Eastern Branch which he pointed out would furnish deep water and have railroad connections. This location would be opposite the Navy Yard and near the Washington Steel and Ordnance plant.

In addition to the advantages to be derived from this location in the way of accessibility to transportation, it is pointed out that there are a number of home sites in the immediate vicinity that would serve admirably for the workmen employed in the plant.

The committee yesterday decided to ask the co-operation of officials in the Bureau of Standards and the Carnegie Institution, in view of the fact that it would be a great advantage to have an experimental laboratory and an armor shoe plant where these organizations could co-operate.

### JAPAN SHUNNING WAR TO GET WORLD TRADE

Judge Gary Declares Nation Is Becoming  
Big Factor.

(By the International News Service.)  
Chicago, Sept. 29.—Japan is bending every effort to becoming a great world trade factor and apparently is paying little attention to the war, according to Judge Elbert H. Gary, chairman of the United States Steel corporation, who was here today on his way back East after a visit to the Orient.

"The Japanese are going along as if there were no war," he said. "They have taken up extensively the manufacture of goods that were stopped in the belligerent countries by the war. Japan is busy making clothing and shoes and is becoming a great commercial factor. I don't believe the Japanese are taking sides in the war, now that they have possession of the territory formerly occupied by Germany."

"Strange as it may seem, Japan is really most interested in the outcome of the election for President of the United States. I saw nothing in Japan to indicate an unfriendly feeling toward the United States, but rather to the contrary. Leading men seem anxious to recognize the wealth and influence of the United States."

### Political Notes

New York, Sept. 29.—Democratic National Chairman McCormick thus praised President Wilson and condemned Charles E. Hughes yesterday:

"The New Jersey and New York State primaries furnished illuminating evidence on the record in which President Wilson and Mr. Hughes hold their duties of citizenship—evidence that is corroborative of their records heretofore."

"The President exercised his right of suffrage and discharged his duty as a citizen of New Jersey by journeying to Princeton to vote in the New Jersey primary. Mr. Hughes did not participate in the primary in New York, though the candidate of the same interests and influences that he represents was running for the Senatorial nomination."

"When the suffrage amendment was submitted in New Jersey and New York the same striking contrast between President Wilson and Mr. Hughes was first emphasized. The President went from Washington to Princeton to vote for the amendment. Mr. Hughes remained in Washington, ignoring his duty as a citizen and attempting to make amends later by telling the women that he favors suffrage."

Philadelphia, Sept. 29.—The Socialist party will give President Wilson and members of both the Democratic and Republican parties "the greatest surprise of the year" in November, according to Allan L. Benson, Socialist candidate for President.

He made the prediction before leaving Philadelphia today, after having addressed audiences in Lu Lu and Eagles' Temples last night in New York and in the city of the several party issues in the campaign.

Far more powerful and influential than the now defunct Progressive party, Mr. Benson said, the Socialist party will poll 2,000,000 votes in November and Socialists will for the first time see a group of their representatives in Congress, eager and ready to defend the interests of the working classes.

New York, Sept. 29.—Miss Juliette Arden, member of the Progressive Democratic National Women's Committee, who, four years ago, was one of the National Progressive organizers with Gifford Pinchot, has sent a challenge to him for an open debate at any time and at any place he may name on these and other issues of the campaign.

"Who were the real nominators of Candidate Hughes? What interests does he represent and agree to serve as President?"

"How many millions of dollars are being put out to elect him?"

"How many of Wilson's Cabinet has he had to buck the last three and a half years who were secret agents of the interests and in their pay?"

"Who proposed the pan-American treaty munitions clause, whose agent was he and who had the treaty dropped because he recognized its bearing on conditions here?"

BRIGHTWOOD CITIZENS  
INDORSE ARMOR PLANT

The election of a delegate by the citizens of Washington to represent the District in Congress was heartily approved by members of the Brightwood Citizens' Association at the meeting held last night in the Brightwood School, Ninth and Ingraham streets.

Other matters pertaining to the welfare of the district were brought before the body. Municipal transfers between the two District lines were urged. A resolution was adopted and passed endorsing the District as a favorable location for the government armor plant, and also thanking P. T. Moran, of the Chamber of Commerce, for his active work in behalf of the project.

Phone Company Asks Rehearing.  
Harrisburg, Sept. 29.—The Keokuk Telephone Company has filed a petition with the public service commission asking for a rehearing in the matter of the contract between it and the Philadelphia Electric Company for the joint use of conduits. The commission refused to approve the contract ten days ago.

### VICTORY NOW CERTAIN, JOFFRE INFORMS HAIG

Somme Offensive Shaking Germany  
Severely, He Says.

By FREDERICK PALMER.

At the British Front in France, Sept. 29.—Gen. Joffre has sent a message of congratulations to Gen. Haig on the recent British successes, in which he says:

"Following on the continuous progress made by your armies since the beginning of the Somme offensive, these fresh successes are a sure guarantee of final victory over our common enemy, whose physical and moral forces have already been severely shaken."

After saying that the combined offensive has united the ties of the two armies still closer, and that "our adversary will find therein proof of our firm determination to combine our efforts to the end to assure complete triumph for our cause," Gen. Joffre concludes as follows:

"I bow before those of your soldiers by whose bravery these successes have been achieved, but who have fallen before the completion of their task. I ask you to convey to those who stand ready for battle to come the greetings of comradeship and confidence."

Gen. Haig in reply, said: "The unremitting efforts of our forces north and south of the Somme, added to the glorious deeds of our armies, unaided, before Verdun, have already begun to break down the enemy's powerful resistance, while the energy of our troops and their confidence in each other increase from day to day."

### WILLCOX SURE G. O. P. WILL WIN NEW YORK

Republican Leaders Gratified at Outcome of State Convention.

New York, Sept. 29.—Chairman Willcox and all members of the Republican National and Campaign committees here are gratified at the outcome of the New York Republican State convention, the result, in their opinion, practically making the State certain for the Republican national, State and Congressional tickets.

The convention completed the process of harmonizing Progressives and regulars by an equitable division of places on the electoral ticket. It gave Gov. Hughes an ovation which in enthusiasm equaled, if it did not surpass, the many enthusiastic meetings of his campaign tour and gave him an opportunity to demolish the attack made upon him by former Secretary of State Olney.

The Republicans and Progressives of the State are united in their support of the candidates on the national ticket, the governor and the United States Senator. The Democrats, on the other hand, are not harmonious on either their national or Senatorial tickets. Tammany is lukewarm, if not hostile, toward Wilson, while the Wilson forces are lukewarm, if not hostile, toward McComb for the Senate.

These conditions in New York are paralleled in New Jersey, and in the opinion of the Republican managers, the vote of both States is sure for Hughes.

### ABORN OPERA SCORES HIT IN "LOHENGGRIN"

The Aborn Opera Company exhibited last night a new phase of their versatile talents, venturing with marked success into the field of Wagnerian music drama. The National Theater was even better filled than on other nights of the week, for "Lohengrin," with Argentin in the title role, and Edith Helena as Elsa, promised a treat a little out of the ordinary.

Miss Helena was in excellent voice and her soft, delicate soprano blended exquisitely with Signor Argentin's tenor in the familiar passages of love and mysticism. Miss Lillian Eubank was the Ortrud and her rendering of the great central aria in the second act on a long-continued burst of applause. George Shields' wonderful basso was heard in the part of King Henry, and Louis D'Angelo was a very satisfactory Telramund.

This afternoon the company will give "Madam Butterfly," with Blanca Sarva as Cho-cho-san, and in the evening, "Il Trovatore," with Edith Helena, Lillian Eubank, Argentin and Picco.

### BISSET STILL IN HOSPITAL.

Suffering from Lacerations Due to  
Auto Overturning.

David A. Bisset, 3301 Lowell street, was still in Emergency Hospital last night suffering from severe lacerations of the face, the result of an accident when his automobile overturned yesterday morning while he was driving it near Garfield street in Connecticut avenue.

Mrs. Peter Bisset, and Marie, Helen, and Paul Bisset, who were in the car at the time, were also taken to Emergency Hospital, but were discharged yesterday, sufficiently recovered from their injuries.

## Again-- The Live Store Leads

If you want to know "whose who" when it comes to Fall and Winter Clothes, just drop around and see our window displays; or, better yet, come in and see the complete assortments.

### DROPS DEAD PHONING WIFE THAT HE'S SICK

Alfred Liebman Dies from Heart Disease in Downtown Office.

While calling his wife on the telephone to tell her of his critical condition, Alfred Liebman, 38 years old, of 222 East Capitol street, yesterday afternoon dropped dead in the offices of the R. E. Mackey Company in the Munsey Building. Heart disease was given as the cause of the death by Dr. Sanderson, who responded to the call in the Emergency ambulance.

Liebman, realizing his serious condition, had called his home and was telling his wife of his illness when he dropped the phone and fell to the floor. Mrs. Liebman had heard sufficient to realize her husband's condition, and calling her son, Lawson Martin, at his place of employment, asked him to go to the assistance of his stepfather.

Lawson reached his stepfather's side before death, but not before Liebman had become unconscious. Liebman was a native of Berlin, Germany.

Coroner Nevitt gave a certificate of death from natural causes and the body was turned over to an undertaker.

### PARADERS MUST SING; BANDS BARRED

Holy Name Society Will Chant Hymns to Keep Within Baltimore Law.

The delegates of twenty-six parishes of the Holy Name Society, of this city, met at the Church of the Immaculate Conception parish hall last night to discuss final plans for participating in the Holy Name parade in Baltimore, October 25.

John Hadley Doyle, president of the society, stated that all arrangements have been made for Washington's participation. Special rates have been given by the Baltimore and Ohio Railroad, which will furnish seventy cars to transport the delegation of upwards of 7,000.

Michael D. Shaffer will be chief of the staff of one hundred and fifty in charge of the marchers. F. J. Brennan will act as aide to President Doyle. There is a law in Baltimore forbidding the playing of band music on Sunday. Therefore no band will accompany the paraders, who will sing hymns as they march.
